INDEPENDENT AUDITORS' REPORT

December 19, 2019

To the Board of Directors of the
Battle Creek Tax Increment Finance Authority
City of Battle Creek, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the *Battle Creek Tax Increment Finance Authority, a component unit of the City of Battle Creek, Michigan* (the "Authority") as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Authority, as of June 30, 2019, and the respective changes in financial position thereof and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions of the financial statements that collectively comprise the Battle Creek Tax Increment Finance Authority's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

A handwritten signature in black ink that reads "Rehmann Johnson LLC". The signature is written in a cursive, flowing style.

MANAGEMENT'S DISCUSSION AND ANALYSIS

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Management's Discussion and Analysis

The Battle Creek Tax Increment Finance Authority (the "Authority") was established pursuant to Public Act 450 of 1980. The Authority is a component unit of the City of Battle Creek, Michigan, and presents this management discussion and analysis of its financial performance as an overview of financial activities for the fiscal year ended June 30, 2019.

Using this Annual Report

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The basic financial statements are comprised of the following:

- The statement of net position and governmental funds balance sheet presents information on all of the Authority's assets, liabilities and deferred inflow of resources, with the difference reported as net position/fund balance. Over time, increases or decreases in net position/fund balance may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.
- The statement of activities and governmental fund revenues, expenditures and changes in fund balances presents information showing how the Authority's net position/fund balance changed during the most recent fiscal year.
- The balance sheet and statement of revenues, expenditures and changes in fund balances - governmental funds focuses on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources available* at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.
- The statement of revenues, expenditures, and changes in fund balance - budget and actual - general fund presents information showing the comparison of the Authority's actual revenues and expenditures to what was budgeted.
- The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Financial Analysis

The net position of the Authority is summarized for the purpose of determining the overall fiscal position. As shown below, the Authority's assets exceeded liabilities by \$27,007,163 at the end of the fiscal year, of which \$22,998,663 was the investment in capital assets, leaving \$3,350 restricted net position for debt service and \$4,005,150 in unrestricted net position. The investment in capital assets increased by \$948,987 in the current year due to the airport bridge engineering project. The Authority had an increase in capital project expenditures related to this project which also increased capital assets.

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Management's Discussion and Analysis

A comparative analysis of the data is presented below:

	Net Position as of June 30,	
	2019	2018
Assets		
Current and other assets	\$11,135,608	\$14,912,162
Capital assets, net	<u>22,998,663</u>	<u>22,049,676</u>
Total assets	<u>34,134,271</u>	<u>36,961,838</u>
Liabilities		
Other liabilities	2,990,677	3,004,360
Long-term debt	<u>4,136,431</u>	<u>4,545,635</u>
Total liabilities	<u>7,127,108</u>	<u>7,549,995</u>
Net position		
Investment in capital assets	22,998,663	22,049,676
Restricted for debt service	3,350	3,194
Unrestricted	<u>4,005,150</u>	<u>7,358,973</u>
Total net position	<u>\$27,007,163</u>	<u>\$29,411,843</u>

For the current year, net position decreased by \$2,404,680. This unfavorable change from the prior year is a result of the decrease in revenues of \$966,603 mainly due to a decrease in the state aid revenue through the personal property tax reimbursements in the current year. Additionally, total expenses as compared to the prior year increased by \$486,526 and assets also decreased in comparison to the prior year by \$2,827,567 due to an increase in administrative services, transfers to the Airport for projects of \$467,846 and a contribution of \$1,075,000 to Kellogg Regional Manufacturing Technology Center (RMTC) building project.

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Management's Discussion and Analysis

	Changes in Net Position for the Year Ending June 30,	
	2019	2018
Revenues		
Program revenues:		
Charges for services	\$ 67,406	\$ 285,721
Capital grants and contributions	1,690,489	2,870,961
General revenues:		
Property taxes	1,596,192	1,486,153
Unrestricted investment earnings	497,506	175,361
Total revenues	<u>3,851,593</u>	<u>4,818,196</u>
Total expenses	<u>6,256,273</u>	<u>5,769,747</u>
Change in net position	(2,404,680)	(951,551)
Net position, beginning of year	<u>29,411,843</u>	<u>30,363,394</u>
Net position, end of year	<u><u>\$27,007,163</u></u>	<u><u>\$29,411,843</u></u>

Governmental funds. As of the end of the current fiscal year, the Authority's governmental funds reported combined ending fund balances of \$4,796,781 a decrease of \$3,500,339 from the prior year. This is a result of increased capital project expenditures in the current year related to land procurement and the southwest quadrant of the Hill Brady and Skyline project.

The fund balance of the Authority's general fund decreased by \$939,998 during the current fiscal year. This is a result of a decrease in state aid revenue through the personal property tax reimbursements.

General Fund Budgetary Highlights

The general fund original adopted budget reflected revenues in excess of expenditures and an increase of fund balance of \$314,572. Mid-year budget adjustments were made to reflect a decrease in the state aid revenue through the personal property tax reimbursements resulting in a budgeted decrease in fund balance of \$1,195,477. Ultimately actual revenues were over budget (primarily in the unrestricted investment earnings line item) resulting in an ending decrease to fund balance in the amount of \$939,998.

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Management's Discussion and Analysis

Capital Assets

The Authority had \$22,998,663 in capital assets at the end of the fiscal year. Capital assets include land, construction in progress, land improvements, buildings, and equipment with an original cost of more than \$10,000. Major outlays for capital assets are capitalized as projects are constructed or the assets are otherwise acquired and placed into service.

	2019	2018
Land	\$14,385,579	\$14,266,053
Construction in progress	7,029,934	6,206,785
Land improvements	1,496,475	1,536,461
Buildings	16,945	31,829
Equipment	69,730	8,548
Total	<u>\$22,998,663</u>	<u>\$22,049,676</u>

The Authority had an increase in capital assets of \$948,987 at the end of the fiscal year as a result of the construction in progress for the airport bridge engineering project.

Long-term Debt

At the end of the current fiscal year, the Authority had general obligation bonds outstanding of \$4,145,000. General obligation bonds were issued to provide funds for the construction and acquisition of major capital assets. All debt is related to infrastructure or other capital assets for which the Authority does not hold legal ownership. While the Authority may be obligated to repay the debt issued to finance the related projects, such capital assets become the property of the City when they are placed into service and, accordingly, are reported in the City's capital assets. These bonds are outstanding with varying amounts of principal maturing until 2030.

	2019	2018
General obligation bonds		
2009 Limited tax bonds	\$ 2,310,000	\$ 2,495,000
2010 Limited tax bonds (hangar)	1,835,000	2,060,000
Total	<u>\$ 4,145,000</u>	<u>\$ 4,555,000</u>

The City's total bonded debt decreased by \$410,000 during the current fiscal year as a result of scheduled debt payments.

Economic Factors

The Battle Creek Tax Increment Finance Authority's expenses are governed by the laws of the State of Michigan and bond indenture covenants. These laws and covenants determine how bond proceeds are spent and how and when debt retirement payments are made. During 2019, total community development expenses were \$6,072,328, which included \$62,208 of depreciation (a non-cash item).

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Reconciliation

Fund Balances of Governmental Funds
to Net Position of Governmental Activities
June 30, 2019

Fund balances - total governmental funds	\$ 4,796,781
Amounts reported for <i>governmental activities</i> in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	
Capital assets not being depreciated	21,415,513
Capital assets being depreciated, net	1,583,150
Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current expenditures. Those assets (i.e., receivables) are offset by deferred inflows of resources in the governmental funds and, therefore, not included in fund balance.	
Unavailable taxes receivable	506,733
Unavailable loans receivable	2,855,834
Certain liabilities, such as bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	
Bonds payable, net of issuance discounts	(4,136,431)
Accrued interest payable on long-term debt	(14,417)
Net position of governmental activities	<u>\$ 27,007,163</u>

The accompanying notes are an integral part of these financial statements.

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Reconciliation

Net Changes in Fund Balances of Governmental Funds
to Change in Net Position of Governmental Activities
For the Year Ended June 30, 2019

Net change in fund balances - total governmental funds	\$ (3,500,339)
Amounts reported for <i>governmental activities</i> in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Acquisition/construction of capital assets	1,011,195
Depreciation expense	(62,208)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, but rather deferred to subsequent fiscal years.	
Change in unavailable revenues related to taxes receivable	48,411
Governmental funds report loans to other component units of the reporting entity as an expenditure; however, in the statement of activities, those costs are eliminated and capitalized as long-term receivables.	
Loans made to other component units	204,135
Amounts repaid on loans	(516,216)
Bond proceeds provide current financial resources to governmental funds in the period issued, but issuing bonds increases long-term debt in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term debt in the statement of net position.	
Principal payments on long-term debt	410,000
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.	
Change in accrued interest payable on long-term debt	342
Change in net position of governmental activities	<u>\$ (2,404,680)</u>

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Notes to Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

These financial statements present the activities of the Battle Creek Tax Increment Finance Authority (the "Authority"). The Authority was organized pursuant to Public Act 450 of 1980. The primary purpose of the Authority is to encourage economic activity in the Fort Custer Industrial Park Development District. The Authority's activities are primarily funded through tax increment financing and bonded debt.

The Authority is a component unit of the City of Battle Creek, Michigan (the "City") because the City appoints the Authority's Board of Directors, it has the ability to significantly influence the Authority's operations and it is financially accountable for the Authority. Accordingly, the Authority is presented as a discrete component unit in the City's financial statements and is an integral part of that reporting entity.

Government-wide and Fund Financial Statements

The statements of net position and activities display information about the financial activities of the Authority. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Authority's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The fund financial statements provide information about the Authority's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial information is reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Notes to Financial Statements

Governmental fund financial information is reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Authority reports the following major governmental funds:

The *general fund* is the Authority's primary operating fund. It accounts for all financial resources of the Authority, except those accounted for and reported in another fund.

The *debt service fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The *airport bonds debt service fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The *capital projects fund* accounts for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements.

Notes to Financial Statements

Fund Balances

Governmental funds report *nonspendable fund balance* for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. *Restricted fund balance* is reported when externally imposed constraints are placed on the use of resources by grantors, contributors, or laws or regulations of other governments. *Committed fund balance* is reported for amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board. A formal resolution of the Board is required to establish, modify, or rescind a fund balance commitment. Assigned fund balances are neither restricted nor committed. The Board authorized City management to assign fund balance. Unassigned fund balance is the residual classification for the general fund.

When the government incurs an expenditure for purposes for which various fund balance classifications can be used, it is the government's policy to use restricted fund balance first, then committed, assigned, and finally unassigned fund balance.

Capital Assets

Capital assets, which include property and equipment, are reported in the government-wide financial statements. The Authority defines capital assets as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, if any, are recorded at the estimated acquisition cost as of the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets, if any, is included as part of the capitalized value of the assets constructed. No such interest expense was incurred during the current fiscal year.

Infrastructure assets (e.g., roads, curbs, sidewalks, storm sewers and similar items), along with water and wastewater subsystems, constructed by the Authority are not recorded as the Authority's capital assets, even though the Authority may be obligated to repay the debt issued to finance the related projects. Such capital assets become the property of the City when they are placed into service and, accordingly, are reported in the City's capital assets.

The Authority's capital assets are depreciated using the straight-line method over the following estimated useful lives:

	Years
Land improvements	50
Buildings	25
Equipment	10

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Notes to Financial Statements

Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to one or more future periods and will not be recognized as an outflow of resources (expense/expenditure) until then. The City has no deferred outflows of resources at year-end.

Long-term Obligations

In the government-wide financial statements, long-term debt is reported as a liability. Bond discounts, if any, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond discount.

In the fund financial statements, governmental fund types recognize bond discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and/or governmental funds balance sheet will sometime report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds report unavailable revenues, which arises only under a modified accrual basis of accounting, from property taxes and loans receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Notes to Financial Statements

Budgetary Information

The general fund is under formal budgetary control and its budget is prepared on the same modified accrual basis used to reflect actual results. The Authority follows the City budget process in establishing the budgetary data reflected in the financial statements:

- The Authority submits a proposed budget to the City Manager. After review and approval, the City Manager submits a recommended operating budget to the City Commission. Public hearings are held to obtain taxpayer comments. The budget is legally adopted at the fund level through a City Commission resolution prior to the beginning of the budgetary year for the Authority's funds.
- The budget is adopted on a basis consistent with generally accepted accounting principles. Budgeted amounts are as originally adopted or amended by the City Commission during the year. Individual amendments were not material in relation to the original appropriations.

For the year ended June 30, 2019, the Authority incurred general fund expenditures in excess of the amounts appropriated for community development of \$152,069.

2. CASH AND INVESTMENTS

At year-end, the carrying amount of the Authority's pooled cash and investments, which were deposited entirely in the City's internal cash management pool, was \$7,695,498. Because it is infeasible to allocate risk to individual pool participants, aggregate cash and investment categorizations are presented in the City's financial statements.

Notes to Financial Statements

3. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2019, was as follows:

	Beginning Balance	Additions	Disposals	Transfers	Ending Balance
Capital assets not being depreciated:					
Land	\$ 14,266,053	\$ 119,526	\$ -	\$ -	\$ 14,385,579
Construction in progress	6,206,785	823,149	-	-	7,029,934
	<u>20,472,838</u>	<u>942,675</u>	<u>-</u>	<u>-</u>	<u>21,415,513</u>
Capital assets being depreciated:					
Land improvements	1,908,417	-	-	-	1,908,417
Buildings	315,845	-	-	-	315,845
Equipment	446,951	68,520	127,146	-	388,325
Total capital assets being depreciated	<u>2,671,213</u>	<u>68,520</u>	<u>127,146</u>	<u>-</u>	<u>2,612,587</u>
Less accumulated depreciation for:					
Land improvements	(371,956)	(39,986)	-	-	(411,942)
Buildings	(284,016)	(14,884)	-	-	(298,900)
Equipment	(438,403)	(7,338)	(127,146)	-	(318,595)
Total accumulated depreciation	<u>(1,094,375)</u>	<u>(62,208)</u>	<u>(127,146)</u>	<u>-</u>	<u>(1,029,437)</u>
Total capital assets being depreciated, net	<u>1,576,838</u>	<u>6,312</u>	<u>-</u>	<u>-</u>	<u>1,583,150</u>
Total capital assets, net	<u><u>\$ 22,049,676</u></u>	<u><u>\$ 948,987</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 22,998,663</u></u>

Depreciation expense in the amount of \$62,208 was reported in the community development function in the government-wide statement of activities.

At June 30, 2019, the Authority had outstanding commitments through a construction contract of approximately \$531,000 for building and equipment improvements.

Notes to Financial Statements

4. LOANS RECEIVABLE

During the year ended June 30, 2008, the Authority approved a loan to the Battle Creek Brownfield Redevelopment Authority ("BCBRA"; a component unit of the City of Battle Creek, Michigan) in the total amount of \$3,530,000 to be used in accordance with a particular brownfield plan. As of June 30, 2019, \$178,161 was outstanding (\$2,560,708 had been drawn) on the authorized amount (no amount was drawn during the current year) and is included in the long-term receivable reported in the statement of net position. Future repayment from the BCBRA is based on its collection of tax increment revenues.

During the year ended June 30, 2010, the Authority approved a loan to the BCBRA in the total amount of \$5,500,000 to be used in accordance with another particular brownfield plan. As of June 30, 2019, \$2,677,673 had been drawn and is outstanding on the authorized amount and is also included in the long-term receivable reported in the statement of net position. Future repayment of this loan by the BCBRA is based on its collection of tax increment revenues.

Each of the above loans includes interest at 5% per annum. The total amount drawn by BCBRA on the loans through June 30, 2019 is \$5,238,381 (\$204,135 in the current year). As of June 30, 2019, \$2,382,547 has been paid on the loans resulting in a net balance of \$2,855,834. No amount is presently reported as due within one year since repayment is based on the future collection of incremental tax revenues.

5. TRANSFERS

For the year ended June 30, 2019, interfund transfers are summarized as follows:

	Transfers Out
Transfers In	General
Debt service	\$ 310,706
Airport bonds	283,081
Capital projects	<u>400,000</u>
Totals	<u>\$ 993,787</u>

Transfers are used to: (1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them and (2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due.

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Notes to Financial Statements

6. LONG-TERM DEBT

Following is a summary of the Authority's debt outstanding as of June 30, 2019:

	Year of Maturity	Interest Rate	Original Amount	Outstanding Principal
General Obligation Bonds				
2009 Limited tax bonds	12/1/2028	3.00 - 4.30%	\$ 3,935,000	\$ 2,310,000
2010 Limited tax bonds (hangar)	6/1/2030	2.00 - 4.75%	3,585,000	<u>1,835,000</u>
				<u><u>\$ 4,145,000</u></u>

All debt is related to infrastructure or other capital assets for which the Authority does not hold legal ownership. Even though the Authority may be obligated to repay the debt issued to finance the related projects, such capital assets become the property of the City when they are placed into service and, accordingly, are reported in the City's capital assets.

Annual debt service requirements to maturity for the Authority's debt are as follows:

Year Ending June 30,	Authority Obligation	
	Principal	Interest
2020	\$ 325,000	\$ 169,316
2021	340,000	156,986
2022	350,000	143,839
2023	365,000	129,849
2024	380,000	115,269
2025-2029	2,175,000	315,877
2030	<u>210,000</u>	<u>9,975</u>
	<u><u>\$ 4,145,000</u></u>	<u><u>\$ 1,041,111</u></u>

Changes in Long-term Debt. Long-term liability activity for the year ended June 30, 2019, was as follows:

	Beginning Balance	Additions	Deductions	Ending Balance	Due Within One Year
General obligation bonds	\$ 4,555,000	\$ -	\$ (410,000)	\$ 4,145,000	\$ 325,000
Less bond issuance discounts	<u>(9,365)</u>	<u>-</u>	<u>796</u>	<u>(8,569)</u>	<u>(796)</u>
	<u><u>\$ 4,545,635</u></u>	<u><u>\$ -</u></u>	<u><u>\$ (409,204)</u></u>	<u><u>\$ 4,136,431</u></u>	<u><u>\$ 324,204</u></u>

BATTLE CREEK TAX INCREMENT FINANCE AUTHORITY

Notes to Financial Statements

7. PROPERTY TAXES

Property tax revenue is derived pursuant to a tax increment financing agreement between the Authority and various applicable taxing districts. Real and personal property taxes are levied and attach as an enforceable lien on properties located within the boundaries of the tax increment financing district. The City bills and collects the taxes on behalf of the Authority. Delinquent taxes on ad valorem real property are purchased by Calhoun County. Property tax revenue is recognized when levied in the government-wide financial statements and in the fund financial statements to the extent that it is available to pay current obligations.

Except for property taxes captured from local schools that exceed contractual obligations, the Authority is entitled to all taxes levied on property within the Battle Creek Tax Increment Finance Authority district to the extent that the current taxable value exceeds the base year taxable value. Renaissance zone property is tax abated property against which property taxes are not currently levied, but in the near future will return or revert to the ad valorem tax rolls. Similarly, industrial and commercial facility tax properties are abated personal property that receive up to a 50% reduction in the millage rate for a stated number of years as approved by the City of Battle Creek, Michigan (or applicable taxing jurisdiction).

The captured increments in taxable value for the 2018 levy are summarized as follows:

Ad valorem property	\$ 76,460,840
IFT*/CFT**/ Other property	<u>47,986,655</u>
Total	<u><u>\$124,447,495</u></u>

* Industrial Facility Tax

** Commercial Facility Tax

8. CONTINGENCIES

The Authority has filed various tax increment capture and personal property tax exemption loss forms with the Michigan Department of Treasury for their review and have received reimbursement. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. Any amounts which may be adjusted by the Department of Treasury cannot be determined at this time although the government expects such amounts, if any, to be immaterial.
